A Message from the Director & the '05 Campaign Chairman...

At this time each year, we turn our attention to the less fortunate in our communities and how we can help make a difference in their lives. Your gift to the annual United Way campaign, no matter how large or small, improves the quality of all of our lives. Each year, the Laboratory partners with the Santa Fe County and Northern New Mexico/Los Alamos United Way campaigns to raise funds to benefit those in our region who need special assistance. This assistance includes food, health care, housing, care for the elderly, and recreation and educational programs for our youth. Employee contributions to the United Way are individual decisions and we offer employees flexibility in making their choices, as well as the option to designate the United Way organizations they want to include or exclude from their support.

I ask that you continue your support of the United Way campaign this year. Your generosity over the years has had an enormous impact on the **United Way...Making One Small Difference After Another!**

Thank You!

**G. Peter Nanos, Director
2005 United Way Champion**

The Laboratory's United Way campaign is an excellent means to address the social needs of our communities. I am honored to chair this worthwhile initiative for a second year. I had the opportunity to attend campaign presentations and events throughout the Laboratory last year and witnessed firsthand the generosity of our workforce, your willingness to assist our neighbors, and the laboratory's commitment to the **United Way...Making One Small Difference After Another!**

Thanks for your support!

United Way of Santa Fe County knows that you really want to make a difference in our community. You want to help others—and we want to be your partner. Our experience tells us that the best way to help the most people is to target our community's most serious problems—and then focus on the underlying causes of those problems. It takes the whole community, working together, to create change.

United Way of Santa Fe County is dedicated to leveraging resources to impact core community needs. In addition to investing in programs that achieve results, our newest initiatives involve broad efforts aimed at resolving fundamental community conditions.

- **2-1-1™** is a free, dedicated phone number that Santa Fe residents can call during a disaster to get information, or to offer aid to those in need.
- **Early Childhood Development Project** United Way of Santa Fe County is taking the lead to mobilize our community to work together to improve the lives of young children, infants to 6-year-olds, and prepare them for a productive future.

United Way of Santa Fe County is focussed on bottom-line results: the lives we change and the community we shape. And we know that's *what matters* to you.

Uniting Community. Improving Lives. This is what matters in Santa Fe.
